## WELCOME NOTE

**We are taking great pleasure in welcoming all the colleagues and attendees to the International Enhancing Practice Conference, the biannual conference of the International Practice Development Collaborative (IPDC), to be held in Basel Switzerland from August 22<sup>nd</sup> to 24<sup>th</sup> 2018.**

The conference is organised by the Practice Development Units (Nursing and allied Health Professions) of the three University Hospitals Basel, Bern and Zurich, a member of the IPDC. This year's conference continues its tradition in providing a unique platform for colleagues from clinical practice, research, education, leadership and politicians to exchange ideas and experiences about how to facilitate the development of person-centred care and fostering healthy work place cultures, from an international perspective.

The focus of this year's conference is «**Leading and facilitating in practice development in health care**». Attendees will be awaiting an exciting programme based on a variety of learning formats, presentations, creative show & tell sessions and dynamic workshops. The interactive format of theoretical inputs, facilitated discussions and practical applications will broaden your knowledge and add to your «toolbox» for implementing changes into your clinical practice. The conference also offers a great opportunity for networking.

Basel, Switzerland is a wonderful place for this conference. Basel, a city on the River Rhine with a medieval old town dominated by the red sandstone Town Hall from the 16<sup>th</sup> century and a wonderful Gothic-cathedral built in the 12<sup>th</sup> century. Basel features a variety of cultural and entertainment opportunities that will provide you with a memorable stay.

The social highlight of the conference is the «Conference Dinner», followed by a fun dance night with Madame Lea.

**We hope you enjoy the conference and the wonderful surroundings of Switzerland.**

### Executive Committee

#### Dr Jacqueline Martin

Director Nursing and Allied Health Professions, University Hospital Basel

#### Prof Dr Rebecca Spirig

Miami	<b>N</b>	<b>N</b>	<b>N</b>
Foyer Lounge/ Meet the Experts	<b>O</b>	<b>G, O</b>	<b>L, M, O</b>

### Purpose

The purpose of a home group is to reflect on the conference topics and on what you have heard and experienced in the sessions. It is also an opportunity to connect with each other, to learn from and with each other.

### Procedure

We have structured the three sessions in order to support the process and with the aim of including the groups' findings and insights into the final keynote given by Brendan McCormack (see Day three)

**You can find the group you are assigned to on your name badge.**

## SPONSORS

The organizing committee wishes to sincerely thank all the exhibitors and sponsors for their active support.
